## GERMAN TRAP FOR BRITISH MILITARY MOTOR CARS NEAR SOISSONS.

One trick of the German cavalry is to scatter broken bottles by night along a road and to lie in ambush near by, hoping thus to disable or capture motor cars of the enemy. The British in turn endeavor to stalk the enemy at dawn and beat up all likely places of concealment. In the picture a tire has been punctured in this way. Mr. Bradley is putting on a spare wheel under fire.

Drawn by John De G. Bryan from material supplied by W. F. Bradley.
